High Technology Management

Distance learning now days is pivotal for students. We have encountered a global lockdown, but we appeared to be ready! Welcome our on-line summer school Hi-Tech Management!

Students with different backgrounds will get new knowledge and skills of hi-tech enterprises' management. During the studies, you'll be working on a group hi-tech/digital project with mates from different continents. In real-time mode you will visit modern innovative companies and leading laboratories such as Nano satellite department or mysterious Magnetic power laboratory.

But this will be not regular online course! You'll experience a real summer school and will be feeling like you are in Russia! We will take you to Space museum, Stalin's bunker, walk with you along historical streets and show the most beautiful places of the city. Our friendly team, lectures, entrepreneurs, mentors and coaches will lead the participants throughout the process, thus they can take a maximum of it. Certificate on 4ECTS provided.
